

# PFC's Mission

- To build partnerships with families and the community so that all children have the opportunity to succeed in school and be prepared to contribute to our social and economic future.

PFC's role is that of

- A community change agent influencing early childhood planning and practice throughout the community.
- A catalyst impacting all young children not just those directly touched by Smart Start resources
- An investor leveraging resources thereby creating sizable, lasting and positive change in the lives of young children
- A capacity builder to enhance core capacities which are building blocks that enable powerful strategies to become operationalized

# PFC Theory of Change
